Interpretation of negative or positive results

If I get a negative test result, it means

[check all that apply]:

- I don't have to worry about getting COVID-19
 I don't have COVID-19 now
 I can be around others without giving the virus to them
 I can be around others without getting the virus from them
 (Check all that apply)

If I get a positive result, it means:

[check all that apply]

- I will need to be admitted to the hospital
 I will need to isolate myself from others
 I will need to take off work
 (Check all that apply)
