

Data Collection Worksheet

Please Note: The Data Collection Worksheet (DCW) is a tool to aid integration of a PhenX protocol into a study. The PhenX DCW is not designed to be a data collection instrument. Investigators will need to decide the best way to collect data for the PhenX protocol in their study. Variables captured in the DCW, along with variable names and unique PhenX variable identifiers, are included in the PhenX Data Dictionary (DD) files.

1. In the past 2 years, have you had a...

1a. upper endoscopy (esophagus/stomach)?

No

Yes

1b. a (Virtual) CT colonoscopy?

No

Yes

1b1. a colonoscopy?

No

Yes

1b2. a sigmoidoscopy?

No

Yes

If Yes to 1b1 or 1b2:

1c. Initial reason(s) you had a colonoscopy/sigmoidoscopy?

visible blood

family history of colon cancer

Virtual (CT) colonography

occult fecal blood

- diarrhea/constipation
- prior polyps
- abdominal pain
- barium enema
- asymptomatic or routine screening

2. Have you had any of the following clinician diagnosed conditions?*

2a. Diverticulitis or Diverticulosis

- No
- Yes

If Yes, year of diagnosis _____

2b. Colon or rectal polyp

- No
- Yes

If Yes, year of diagnosis _____

2c. Cancer of colon or rectum

- No
- Yes

If Yes, year of diagnosis _____

2d. Gall bladder removal

- No
- Yes

If Yes, year of diagnosis _____

2e. Gastric or duodenal ulcer

- No
- Yes

If Yes, year of diagnosis _____

2f. Barretts esophagus

No

Yes

If Yes, year of diagnosis _____

2g. Ulcerative colitis/Crohns disease

No

Yes

If Yes, year of diagnosis _____

3. Have you ever had gastrointestinal bleeding that required hospitalization or a transfusion?

Yes

No

If Yes

3a. What was the site of the bleeding? (Mark all that apply.)

Esophagus

Stomach

Duodenum

Colon/Rectum

Other

Site unknown

3b. What year(s) did this happen? (Mark all that apply.)

Before 1993

1993 -1997

1998 -1999

2000 -2001

2002 -2003

2004 -2005

2006 [] +

**Editors Note: The Gastrointestinal Working Group (WG) slightly modified this question from the original protocol text. The original protocol obtains year of diagnosis by asking respondents to choose between four choices (Before 2006, 2006, 2007, or 2008). The Gastrointestinal WG removed the phrase "Since January 1, 2006" to allow collection of diagnoses that occurred prior to that time. The original response options were deleted and respondents are now asked to write in the four-digit year of diagnosis if they respond "Yes."*
