

## Data Collection Worksheet

**Please Note:** The Data Collection Worksheet (DCW) is a tool to aid integration of a PhenX protocol into a study. The PhenX DCW is not designed to be a data collection instrument. Investigators will need to decide the best way to collect data for the PhenX protocol in their study. Variables captured in the DCW, along with variable names and unique PhenX variable identifiers, are included in the PhenX Data Dictionary (DD) files.

### Communities That Care 2010 Youth Survey

1. This is not a test, so there are no right or wrong answers; we would like you to work quickly, so that you can finish.
2. All of the questions should be answered by marking one of the answer spaces. If you don't find an answer that fits exactly, use one that comes closest. If any question does not apply to you, or you are not sure what it means, just leave it blank.
3. Your answers will be read automatically by a computer. Please follow the instructions carefully.
  - Use only a blue or black pencil.
  - Make heavy marks inside the circles.
  - Erase cleanly or mark a big "X" over any answer you wish to change.
  - Make no other markings or comments on the answer pages, since they interfere with the automatic reading. (If you want to add a comment about any questions, please use the space provided on page 12.)
4. Some of the questions have the following format:

Please mark in the circle which of the four words best describes how you feel about that sentence.

EXAMPLE: The Seattle Storm is a good basketball team.

YES!

yes

no

NO!

Mark (the BIG) YES! if you think the statement is definitely true for you.

Mark (the little) yes if you think the statement is mostly true for you.

Mark (the little) no if you think the statement is mostly not true for you.

Mark (the BIG) NO! if you think the statement is definitely not true for you.

These questions ask about the neighborhood and community where you live.

1. If you wanted to get some beer, wine, or hard liquor (for example, vodka, whiskey, or gin), how easy would it be for you to get some? (82)

24. There are people in my neighborhood who encourage me to do my best. (107)

1 [ ] NO!

2 [ ] no

3 [ ] yes

4 [ ] YES!

### Scoring

Subscale	Reliability	Range	Scoring
Perceived Availability of Drugs	.88	1-4	Average items 1, 2, 8, 4
Laws and Norms Favorable to Drug Use	.82	1-4	Average items 3, 5, 7, 9, 10a, 10b, 10c
Low Neighborhood Attachment	.81	1-4	Average items 11, 13, 22
Neighborhood Rewards for Prosocial Involvement	.91	1-4	Average items 12, 17, 24

Neighborhood Opportunities for Prosocial Involvement	.80	1-4	Average items: 14, 18a, 18b, 18c, 18d, 18e
Community Disorganization	.83	1-4	Average items 15a, 15b, 15c, 15d, 20
Transitions and Mobility (alpha: N/A)	n/a	1-5	Average items 16, 19, 21, 23
Comparison with the CTC Normative Database.			Note: To obtain scores on the same metric as the CTC normative database, subtract 1 (from either each item, or from the means).
<b>General Summary Scales</b>			<b>Scoring: averages of the above subscales</b>
General Neighborhood Risk	.80	1-5	1) Reverse: Opportunities, Rewards, Attachment  2) Average: Opportunities-R, Rewards-R, Attachment-R, Disorganization, Transitions
Neighborhood Drug Risk	.88	1-4	Average: Laws and Norms & Perceived Availability
