

Notes on the survey: Italicized words will not be included in the survey as the participant sees it. Yellow highlighted bracketed text will be filled in before the survey is implemented.

First Question for participant in survey: Please enter your Study ID Number. This 4-digit number can be found in the message sent to you with the link to this survey. _____

Informational screen for participants: Thank you for taking part in this survey. You have been invited to take part because you enrolled in Check It in the past and agreed to be re-contacted for future studies. We are checking in with you to ask you questions related to COVID-19 (also called Coronavirus) and how the changes in policies are affecting your behavior.

Your answers are confidential. If you have any trouble with the survey or if you have any questions, please text or call [staff name] at [staff cell number].

The survey will take about 15 minutes. At the end of the survey we'll ask you to enter your email address where we can send you an electronic gift card for [name of company] with the value of \$20.00. The electronic gift card will be sent as soon as possible after you complete the survey.

The "Stay at Home" order was made by the City of New Orleans on March 20th. This limited travel around the city to essential trips like the grocery store or pharmacy and also meant people could only get together in groups of less than 10 people. The "Stay at Home" orders ended on May 15th, when more businesses in New Orleans started to open up.

If you have left New Orleans, you might be in a place that started and ended the "Stay at Home" order on different dates.

Many of the questions in this survey will ask you about the things that happened before or after the "Stay at Home" order took place where you are.

1. Were you living or spending most of your time in New Orleans during "Stay at Home"?
 - Yes (skip 1 question)
 - No [pop up screen^a]
 - Refuse to answer (skip 1 question)

^aPOP UP informational screen for people who have moved out of New Orleans: Remember to use the dates that the "Stay at Home" order was in place where you are.

2. Did you move out of the New Orleans area because of COVID-19?

- Yes
- No
- Refuse to answer

Housing and Income

3. Did your housing situation change when the COVID-19 “Stay at Home” orders were put in place?

- Yes
- No (skip 1 question)
- Refuse to answer (skip 1 question)

4. How did it change? (Check all that apply.)

- Moved out of the New Orleans area
- Moved in with family members
- Moved out of student housing
- Moved to a place by myself
- Moved in with friends
- Stayed in multiple places
- Was homeless
- Other, explain _____
- Refuse to answer

5. Was your income affected by COVID-19 after “Stay at Home” orders were put in place?

- Yes
- No (skip 1 question)
- Refuse to answer (skip 1 question)

6. How was your income affected? (Check all that apply.)

- Didn't have any income now but I did before
- Had income but I didn't before
- Lost one or more jobs
- Got a new job(s)
- Lost financial aid for school
- Other, explain _____
- Refuse to answer

COVID-19 symptom check

7. Do you have any of the following symptoms? (Check all that apply.)

- Cough
- Difficulty breathing / shortness of breath
- Fever
- Chills
- Repeated shaking with chills
- Muscle Pain
- Headache
- Sore Throat
- New loss of taste or smell
- Refuse to answer

8. Have you been tested for COVID-19?

- Yes
- No (skip 1 question)
- Refuse to answer (skip 1 question)

9. What was your result?

- Negative
- Positive
- I haven't gotten my result yet
- Refuse to answer

10. In the past 2 weeks (14 days), have you been around or spent time with anyone who has tested positive for COVID-19?

- Yes
- No
- Don't know
- Refuse to answer

11. Has anyone in your household (besides you) been tested for COVID-19?

- Yes
- No (skip 1 question)
- I live alone (skip 1 question)
- Refuse to answer (skip 1 question)

12. Has anyone in your household (besides you) tested positive for COVID-19?

- Yes
- No
- Not sure
- Refuse to answer

Personal Protective Equipment (Gloves, Mask, Goggles, Aprons, Clothing)

- Discharge (drip) from penis
- Pain or burning when you urinate
- Itching or tingling around penis
- Sores or ulcers on penis
- Foul Odor
- Skin Rash
- Other Symptoms, what other symptoms _____
- I don't have any symptoms today

POP UP informational screen for anyone reporting symptoms: Please contact [staff name] at [staff cell number] to talk more about your symptoms and seeking health care.

Sexual Behaviors

The next set of questions are about your sexual behavior while the “Stay at Home” orders were in place. As a reminder, in New Orleans that was from March 20th to May 15th.

Let’s explain the different terms we’ll be using for types of sex.

Physical sex is sex that happens in person:

Vaginal sex is when a man puts his penis inside a woman’s vagina.

Oral sex is when you or your partner puts your mouth on the other’s genitals (vagina or penis).

Anal sex is when a man puts his penis in another person’s butt.

Virtual sex is sexual behavior that can happen over the phone, video, or social media:

this could be people talking about, video chatting, or texting sexual content to each other. It is also called phone sex, sexting, or video sex.

The first set of questions are about **physical sex (vaginal, anal, or oral sex)**.

30. While the “Stay at Home” orders were in place, how many people did you have **vaginal, anal, or oral sex** with? _____

Number of Partners 0-97 / Refuse to answer (if 0 skip to question 42)

31. Of these people you had sex with while “Stay at Home” orders were in place, how many were women? _____

How many? 0-97 / Refuse to answer (if 0, skip to question 42)

32. During that time, where did you meet your female sex partner(s) for sex? (Check all that apply.)

- We live together
- You went to her home or she went to yours
- A friend’s place
- Hotel
- Car
- Other, explain: _____

33. Were any of these female sex partners new partners since “Stay at Home” orders were issued?

- Yes
- No (skip 1 question)
- Refuse to answer (skip 1 question)

34. How did you meet your new sex partner(s) during the “Stay at Home” orders? (Check all that apply.)

- I’ve known her for a while
- From my neighborhood
- Through mutual friends
- On social media
- A dating app
- Other, explain _____
- Refuse to answer

35. Think about how often you had **vaginal sex** in the month before “Stay at Home” orders were issued and how often you had it during the “Stay at Home” orders. Were you having:

- More vaginal sex during “Stay at Home” orders compared to before
- About the same amount of vaginal sex
- Less vaginal sex compared to before
- I didn’t have vaginal sex during “Stay at Home” orders (skip to question 39)
- Refuse to answer

36. When having **vaginal sex** while “Stay at Home” orders were in place, how often did you use condoms or other barriers when having sex?

- Never
- Sometimes
- Always
- Refuse to answer

37. Compared to how often you used condoms when having **vaginal sex** in the month before “Stay at Home” orders were issued, did you use condoms:

- More often than before
- The same amount
- Less often than before
- Refuse to answer

38. (If #35 = “more often”) Why were you using condoms more often while “Stay at Home” orders were in place? (Check all that apply.)

- I had new partners
- I was worried about getting COVID-19
- I was worried about getting an STD
- Other, explain _____

39. (If #35 = “less often”) Why were you using condoms less often while “Stay at Home” orders were in place? (check all that apply)

- I couldn’t get condoms
- I was feeling more committed to my partner
- My partner and I were only having sex with each other and not with other people

- Other, explain _____
- Refuse to answer

40. Think about how often you had **anal sex** in the month before “Stay at Home” orders were issued and how often you had it while “Stay at Home” orders were in place. Were you having:

- More anal sex compared to before
- About the same amount of anal sex
- Less anal sex compared to before
- Refuse to answer

41. Think about how often you had **oral sex** in the month before “Stay at Home” orders were issued and how often you had it while “Stay at Home” orders were in place. This is whether you gave oral sex to your partner(s) or she gave it to you. Were you having:

- More oral sex compared to before
- About the same amount of oral sex
- Less oral sex compared to before
- Refuse to answer

42. Do you think that COVID-19 can be transmitted through sex (**vaginal, oral and/or anal**)?

- Yes
- No
- Not sure
- Refuse to answer

The next set of questions are about sex you may have **over the phone, video chat, texts, or social media**, we’re going to call this “**virtual sex.**”

43. While “Stay at Home” orders were in place, how many people did you have **virtual sex** with (shared sexual phone calls, video chats, or texts)?

Number of Partners 0-97 / Refuse to answer (If 0 or refuse to answer, skip to Q50)

44. Are any of the people you are having **virtual sex** with while “Stay at Home” orders were in place new sex partners?

- No they are not new sex partner(s)
- Yes they are new sex partner(s)
- I was having virtual sex with more than one person and at least one was a new sex partner
- Refuse to answer

45. What ways were you using to have **virtual sex**? (Check all that apply.)

- Phone calls
- Videos or pictures
- Text messaging
- Direct messages on social media

- Other, explain _____
- Refuse to answer

46. While “Stay at Home” orders were in place, were people you were having **virtual sex** with people that you: (Check all that apply.)

- Knew from a place I go to a lot like school, work, my neighborhood
- Met them through people that I have known for awhile
- Met them through people I don’t know that well
- Met through a social media site
- Met through a dating app
- Other, explain _____
- Refuse to answer

47. (If response to Q46 = dating app or social media site) Which social media or dating apps did you use to meet your **virtual sex** partner(s)? (Check all that apply.)

- Instagram
- Facebook
- Twitter
- Snapchat
- Tinder
- Bumble
- Other, explain _____
- Refuse to answer

48. Think about the amount of **virtual sex** you were having in the month before “Stay at Home” orders were issued and how often you had it while “Stay at Home” orders were in place, are you having:

- More virtual sex than before
- About the same amount of virtual sex
- Less virtual sex than before
- Refuse to answer

49. Think about the amount of pornography you watched in the month before “Stay at Home” orders were issued. While the “Stay at Home” orders were in place, were you watching pornography:

- More than before
- About the same amount
- Less than before
- I didn’t watch pornography before “Stay at Home” orders were issued
- Refuse to answer

SUBSTANCE USE

50. Compared to the month before “Stay at Home” orders were issued, were you having drinks containing alcohol (like beer, wine, wine coolers, vodka, rum, other liquors or mixed drinks like lean, drank or syrup):

- More during “Stay at Home” than before
- About the same amount
- Less during “Stay at Home” than before
- I didn’t drink alcoholic drinks before “Stay at Home” orders were issued
- Refuse to answer

51. Compared to the month before “Stay at Home” orders were issued, were you using marijuana while the “Stay at Home” orders were in place:

- More than before
- About the same amount
- Less than before
- I didn’t use marijuana before “Stay at Home” orders were issued
- Refuse to answer
